

Lumpbreaker

Sample Applications:

- Filter Cake
- Food Stuff
- Chemicals
- Fertilizer
- Fly Ash

Other Size Reduction Equipment:

- Knife Cutter
- Power Grater
- Granulator

Model #18

A compact machine that can be placed in line to reduce materials into manageable sizes for conveyors or other process equipment.

Model #2036

Designed to reduce soft products such as filter cake into sizes that can be further processed. The wide inlet area can accommodate a greater mass than the Model #18. The shaft mounted reducer offers efficient speed reduction and less maintenance.
